Will Blozan  
September 8, 2003

Dear Will:

Seems like I'm always apologizing for response delays but this past month has been absolutely hellacious dealing with regattas and results in addition to trying to update my computer with new software which has taken over three tech'd out weeks to achieve.

Think I'm on the right track now. Still not at 100% but at least I can work in some of my more major areas.

Enclosing your Certificate of Transfer along with your 2003 Membership Card and ISA decal for your Soling. As I recall, you are in possession of the Measurement Certificate but, if not, let me know because I do have a file copy.

Also, the update for Steve Bobo's contact info is <sup>(H)</sup> [sbobo@sachnoff.com](mailto:sbobo@sachnoff.com) and phones (312) 207-6480 (O) or (847) 251-5212. Glad to hear that you and John Walton already had a hook-up. I'm sure you'll find the SD group very helpful.

If there is anything else you need, please let me know.

Best regards,

Jude  
Jude
