In response to your Feb 19 letter and your call yesterday, enclosed is a copy of the Soling Guide, published by the International Soling Association.

I have requested that Mrs. Klauser, who is administrative secretary and keeper of the measurement certificates, send you directly a copy of the certificate for US 743 which you have chartered.

I hope you have as much fun sailing a Soling as I have had!

*See note below

Shirley:

Please send Craig a copy of the certificate. I have and will deposit his check for \$2.00. Please call if you have any problem with this. Enclosed is a check for postage per your note received today.

2-28-87 I processed a transfer of 743 to Craig Healy - He said nothing about chartering this boat. Since cert was in his name, I did whole measurement cert.
